Do you know...?

The Library offers various resources and services to the end-users. This feature will highlight one such in each of its issue. This issue focuses on the J-GATE PLUS.

J-GATE PLUS

J-Gate is an electronic gateway to global e-journal literature. Launched in 2001 by Informatics India Limited, J-Gate provides seamless access to millions of journal articles available online offered by 9,000+ publishers. It presently has a massive database of journal literature, indexed from 29,000+ e-journals with links to full text at publisher sites. This service is activated in the Visva-Bharati Library Network: http://14.139.211.2/index1.html.

Basic Search

URL: www.jgateplus.com

1) Type the keyword to be searched in the search box.

2) Select the subject area from the left side if required (by default, J-Gate will search the given keyword in all the six different subject areas).

3) If needed, the researcher can select from peer reviewed, professional and industry journals, full text only and Indian journals before initiating the search.

4) It is always advised to use double inverted commas ("") for searching phrases which contain more than one word.

Metadata and Link-Resolver Page On clicking any article, its metadata is shown. If it is an open access article or an article from a journal subscribed to by the Library, a "Full Text" box appears along with the bibliographic information. Clicking on "Full Text" takes the user to the link resolver page through which the PDF of that particular article can be opened and downloaded. Else, the user will see a box indicating "Abstract".
