

M.A. Semester-III Examination 2014
HISTORY
Course -19
(Industrial Revolution in England and Europe)

Time : Three Hours

Full Marks : 40

Questions are of equal value.

Answer **any three** questions.

1. How far were technological reasons responsible for the 'Industrial revolution' or 'evolution' occurring first in Britain?
 2. Were there any inter-linkages between proto-industrialization and Industrial Revolution in West Europe.
 3. How far protestantism and calvinism generated the ethos of capitalism in West Europe?
 4. Do regional studies provide for a better understanding of the economic process in Britain post 1750-1850?
 5. Compare and contrast industrialization in Britain with industrialization in continental Europe.
 6. How was Germany's peculiar political situation in the 18th and 19th century responsible for the late industrialization in Germany?
