

B. Mus. (Honours) Examination, 2018
Semester - III (CBCS)
Skill Enhancing Compulsory Course (SECC-1)
(Audio Recording Training)

Time : 2 Hours

Full Marks : 20

Questions are of value as indicated in the margin

- A. Multiple Choice question (MCQ) Answer any 40 question :** 40×0.50=20
1. Sound is a i) Wave ii) Noise iii) Frequency iv) All of the above
 2. Harmoni is a i) Noise ii) Sound iii) Chaos iv) All of the above.
 3. A transducer converts sound into i) Noise ii) Sound iii) Electricity iv) Electrical Signal
 4. Intervention of the “Lover’s Telephone” was by
i) Graham Bell ii) J. P. Reis iii) Emile Berliner iv) Robert Hooke
 5. Condenser Microphone was invented in the year i) 1906 ii) 1926 iii) 1916 iv) 1914
 6. What material is used in Electret Microphone
i) Plates ii) Potassium Carbonate iii) Ferroelectric iv) Coil
 7. Which is a sound editing (Professional) software
i) Avid ii) Protools iii) Musically iv) All of the above
 8. The cable used for connecting microphones and mixer
i) Snake cable ii) LXR iii) XLR iv) Both i and iii
 9. Statement 1: “All Sounds are noise”
Statement 2: “All Noises are sound.”
i) True ii) False iii) Statement 1 is true but Statement 2 is false.
(iv) Statement 1 is False but Statement 2 is True.
 10. Where we find both male and female at the same time without informing.
i) Camera ii) Laptop iii) Microphone iv) Cable
 11. What is the full form of ADC
i) All Digi Contractor ii) Analog-Digital Convertor iii) Analog-Delta Convertor iv) (ii) and (iii)
 12. Who used metallic strip for the experiment of microphone
i) Robert Hooke ii) Graham Bell iii) Johann P. Reis iv) None of these
 13. Harry F. Olson has developed which microphone
i) Carbon Microphone ii) Electret Microphone iii) Condenser Microphone
iv) Ribbon Microphone
 14. Thomas Edison was from which country i) Russia ii) US iii) China iv) England
 15. Headphone with microphone generally for low cost uses which technology
i) Ferroelectric ii) Magnetic iii) Carbon iv) liquid
 16. The time meter you in a recording software is known as
i) Digital clock ii) Digimeter iii) Timelapse iv) Timecode
 17. Where we find the term “Pitch” i) Noise ii) Sound iii) Shout iv) All of these
 18. Bi-Directional polar patterns are also known as
i) Figure Zero ii) Figure Eight iii) Figure 45 Degree iv) None of these
 19. Which of them are sound codec i) TIFF ii) WAV iii) MOV iv) All of these
 20. Which device receive sound signal from electrical signal
i) Microphone ii) Speaker iii) Transducer iv) Multimeter
 21. Full form of CD i) Compact Disc ii) Compact Device iii) Common Device iv) Copyright

P.T.O.

(2)

22. Statement 1: Mic cable are used in a microphone.”
Statement 2: “Line cables are not used in a microphone.”
i) True ii) False iii) Statement 1 is true but Statement 2 is False
iii) Statement 1 is False but Statement 2 is true.
23. Tuning Fork are use to check i) Amplitude ii) Frequency iii) Pitch iv) Intensity
24. Where we find the term “Diaphragm”
i) Ear ii) Speaker iii) Headphone iv) All of the above
25. Which are the equipment used in a sound studio
i) Microphone ii) Mixer iii) Laptop iv) All of these
26. In which tab we find the open of creating a new track in a software
i) File ii) Help iii) Track iv) None of these
27. Which are the polar patterns of microphones
i) Supercardioid ii) Hypercardioid iii) Omni-directional iv) All of these
28. Beyerdynamic M 160 is a i) Dynamic Microphone ii) Ribbon Microphone
iii) Carbon Microphone iv) Liquid Microphone
29. Sound Mixer is a i) Device ii) Software iii) Both (i) and (ii) iv) None of these
30. Always a software required to record a sound
i) True ii) False iii) Maybe iv) Depends upon the situation
31. Protocols uses which operating system i) iOS ii) Windows iii) Linux iv) All of these
32. In which type of recording we find binary numbers (0, 1)
i) analog ii) Digital iii) Both (i) and (ii) iv) None of these
33. Microphone placement plays an important role for Artist/Instrument
i) True ii) False iii) Maybe iv) Depends on Situations
34. Statement 1: “Lapel Microphones are Corded.”
Statement 2: “Lapel Microphones are Cordless”
i) True ii) False iii) Statement 1 is true but Statement 2 is False
iv) Statement 1 is False but Statement 2 is true.
35. Soundcard is necessary for recording i) Yes ii) No iii) Maybe
iv) Depends on the system/situation
36. Soundwave can be measured in i) Decibal ii) Hertz iii) TB iv) All of these
37. Consider Microphone was invented in the year i) 1914 ii) 1916 iii) 1926 iv) 1928
38. Which substance is used in a carbon microphone
i) Carbonate ii) Charcoal iii) Carbon Particles iv) All of these
39. It is also known as moving coil microphone
i) Dynamic Microphone ii) Ribbon Microphone iii) Fiber Optic Microphone
iv) Piezoelectric Microphone
40. In sound software the modulation can be edited
i) True ii) False iii) Maybe iv) Artist only can do it & not the software
41. Piezoelectric Microphone uses piezoelectric crystal which is
i) Sodium Carbonate ii) Potassium Sodium Nitrate iii) Potassium Sodium Tartrate
iv) Helium Gas
42. Where do we get to see channels in an equipment
i) Speakers ii) Mixer iii) Desktop / Laptop iv) All of these
43. Red colour wire in a cable symbolise i) Cold ii) Hot iii) Ground iv) None of these
44. When we select a single new track, what type of track do we select
i) Mono ii) Stereo iii) Both (i) and (ii) iv) None of these
45. Neumann Km 180 Series is a i) Mixer ii) Microphone iii) Headphone iv) Soundcard
-
