### Indiastat.com

**Indiastat**

Revealing India.... Statistically

Indiastat.com, an initiative of Datanet India Pvt. Ltd. was launched on 14 November, 2000. It is a gateway to comprehensive and authentic socio-economic information related to India. This web portal provides well compiled and ready to use India-specific socio-economic statistical information called out from various authentic secondary sources. Indiastat.com is a cluster of 56 sites including 19 sectors specific and 31 India/State/UT's specific sites, and 6 Regional sites.

Over half-a-million pages of statistical data have been qualitatively analysed, condensed and presented in a user-friendly format on the portal. The socio-economic statistical data has been categorized in more than 35 classifications and further sub-divided into various sub-categories. This exhaustive compilation of data can easily be accessed in three or four clicks and can be searched for any fact or figure. The data can be downloaded in MS-Excel/HTML formats.

Researchers, students and faculty of Visva-Bharati can easily access the database covering all major parameters for research, study, review and reference purposes. Information available online can be used by them as per their need and discretion. With over 5,00,000 comprehensive pages on the net, the site covers wide ranging topics like agriculture, demographics, market forecast, health, media, economy, crime, social welfare etc.

URL of this site is [indiastat.com](http://indiastat.com)

Visva-Bharati can access [indiastat.com](http://indiastat.com) by IP login which implies that you are on the university LAN while you log in.

NB: a) The access is restricted a user at a time. In case you fail to get access, kindly wait for your turn. b) Log -in is required for downloading only.

#### How to start

Users can start navigating for data available on the site through any of the following three different ways:

- By clicking on IP Login on the toolbar – at home page ([indiastat.com](http://indiastat.com)) (Log -in is required only if you download)
- By navigating the site – through the section “Statistical Information” available on the left panel on its home page, and
- By searching the data on site – through the “Search” box given on its home page.

## Where to login

It is advisable to start navigating the site by logging-in as suggested below:  
Click on the IP Login option (shown prominently on the tool bar) on home page, as shown in the adjacent figure.

## Navigation for data

- Whether logged in or not, click the requisite Data Category, under “Statistical Information” shown on the left panel.
- You get on screen the alphabetical list of its sub-categories. Clicking a sub-category will lead you to a further sub-category or to the list of data table headings pertaining to the sub-category clicked.
- The page showing data table heading shows you data at India level or State-wise or Region-wise consolidated data. Click on any State/ Union Territory/ Region name, would further take you to the data table listing page, for the clicked State/Union Territory. Region, under the said heading.
- Click the table heading to view the data table that will be shown in a separate window.
- In case not logged in, the following window would appear asking you to log in – thru home page.

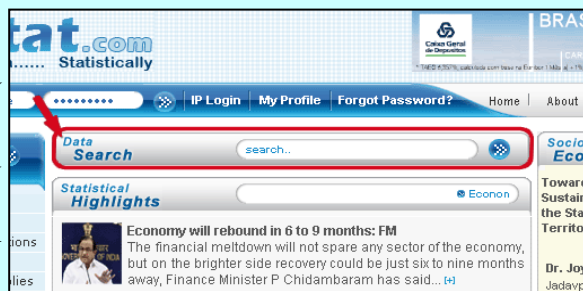

- Once the data table is displayed, you may download the data table in MS-Excel, MS-Word or HTML format and/or print the table, subject to the rights assigned with your access.

## Searching the data available on site

Data can be search on site thru the “Search” box shown prominently below the top tool bar.

The data available, relating to the keyword or phrase submitted by you would appear as search result in the form of a list of data table headings.

By click any table heading to view the data by following the instruction given in Para ‘Navigating for Data’ above.

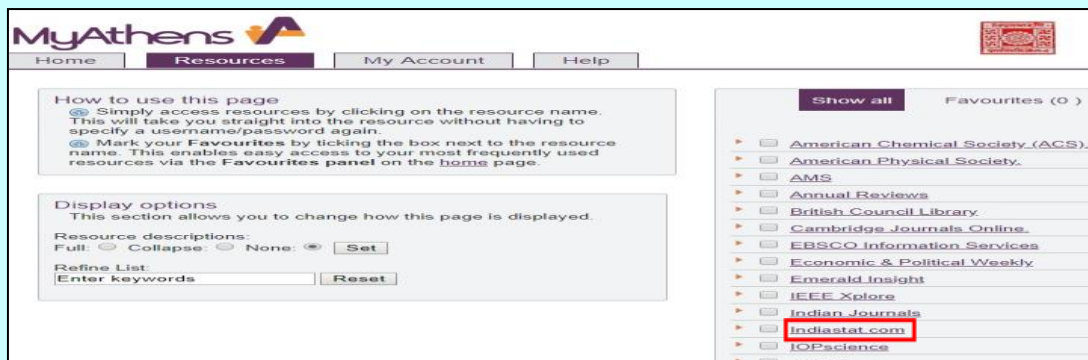

## Time-out period

Time-out period of browser is 20 minutes. Thereafter, re-login would be required.

## Access through Remote Access:

Indiastat also accessible through remote access (OpenAthense), only requirement is to have login permission of remote access provided by the library and rest all the methods are similar as mentioned above.
